# How do our members get profiled?

- ▶ During registration, all Toluna members must complete basic demographic questions.
- ▶ After registration, all members have access to more than a dozen profiling surveys, each being a different subject matter. These profiling surveys are incentivized and do not have any termination questions.
- ▶ Profiling surveys may be updated at any time during a member's lifetime and additional incentives will be rewarded after 6 months of their completion.
- ▶ To consistently maintain more time-sensitive profiling information, Toluna will expire select profiling attributes before the 6-month timeline to encourage members to update these attributes.
- ▶ To help facilitate profiling updates, Toluna also fields pre-surveys for attributes that may not yet be populated or are expired.

# Basic profiler

First name	Global
Last name	Global
Email	Global
Gender	Global
Date of birth	Global
Address 1	Global
