<u>Automotive</u> <u>Medical Professionals</u>

<u>Employment</u> <u>Parents</u>

<u>Finance</u> <u>Personal Care</u>

Health Shopping

Home and Family Technology

<u>Lifestyle</u> <u>Travel</u>

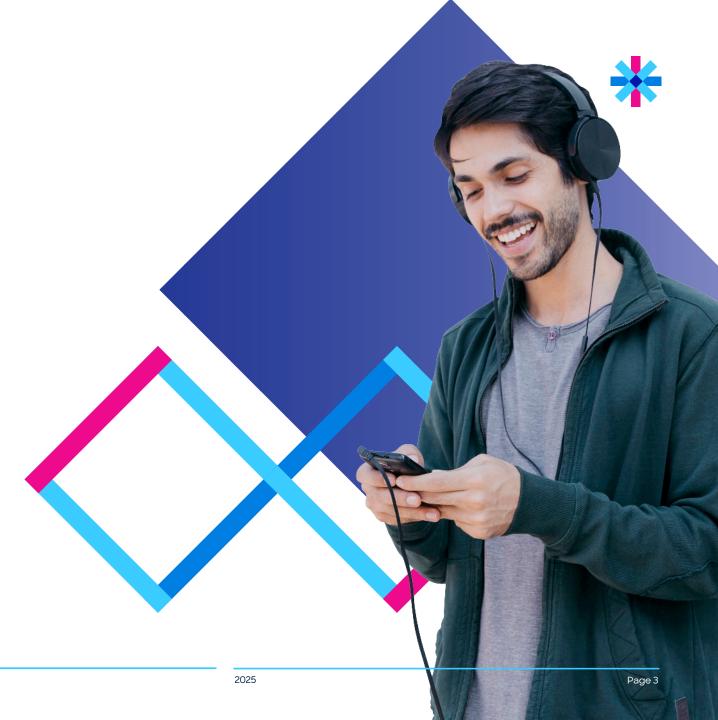

Media Video Games

# How do our members get profiled?

- During registration, all Toluna members must complete basic demographic questions.
- After registration, all members have access to more than a dozen profiling surveys, each being a different subject matter. These profiling surveys are incentivized and do not have any termination questions.
- ▶ Profiling surveys may be updated at any time during a member's lifetime and additional incentives will be rewarded after 6 months of their completion.
- To consistently maintain more time-sensitive profiling information, Toluna will expire select profiling attributes before the 6-month timeline to encourage members to update these attributes.
- To help facilitate profiling updates, Toluna also fields pre-surveys for attributes that may not yet be populated or are expired.
